has complied with provisions set forth in Chapter 173-50 WAC and is hereby recognized by the Department of Ecology as an ACCREDITED LABORATORY for the analytical parameters listed on the accompanying Scope of Accreditation. This certificate is effective September 13, 2016 and shall expire September 12, 2017.

Dear Mr. Meadows:

Attached is your revised Scope of Accreditation upgrading both Fluoride (in drinking water) and Orthophosphate (in non-potable water) by 300.0 to full accreditation.

As a reminder, continued participation in the Ecology Lab Accreditation Program requires the lab to:

- Submit a renewal application and fees annually
- Report significant changes in facility, personnel, analytical methods, equipment, the lab's quality assurance (QA) manual or QA procedures as they occur
- Participate in chemistry proficiency testing studies semi-annually.
Except for each parameter where PT results in the previous renewal year were all satisfactory, then you are required to complete only one PT in this next renewal year. The reduced PT requirement is applicable as long as all results are satisfactory.
- Participate in microbiology proficiency testing studies annually.

If you have any questions concerning the accreditation of your lab, please contact Aimee Bennett at (360) 871-8842, fax (360) 871-8849, or by e-mail at aimee.bennett@ecy.wa.gov.

Sincerely,
