Dear Michael Ng:

Thank you for your request to make additions to your Scope of Accreditation in the Environmental Laboratory Accreditation Program. Attached is a current Scope of Accreditation effective June 26th, 2020.

Accreditation is based in part on third party recognition of the Labs Oregon ORELAP accreditation.

4,4'-DDD, 4,4'-DDE, 4,4'-DDT, EPTC, and Terbacil by EPA 525.3_1.0_2012 in Drinking Water have been added to your Scope of Accreditation in recognition of your ORELAP accreditation.

Based on your laboratory's most recent PT Study results, full accreditation is warranted for all applicable parameters. As a reminder, continued participation in the Ecology Lab Accreditation Program requires the lab to:

- Submit a renewal application and fees annually
- Report significant changes in facility, personnel, analytical methods, equipment, the lab's quality assurance (QA) manual or QA procedures as they occur
- **Participate in proficiency testing studies semi-annually, with the following exception: For each parameter where all PT results were satisfactory for the past accreditation year, you are required to submit only one PT result over this next year, and in subsequent years, as long as the results are satisfactory.**

If you have any questions concerning the accreditation of your lab, please contact Ryan Zboralski at (360) 871-8845, fax (360) 871-8849, or by e-mail at ryan.zboralski@ecy.wa.gov.

Sincerely,
